

Good Morning,

A case of Swine Flu has been confirmed in a Lee Elementary student. This child was tested on May 7, remained home for the recommended period, and is now recovered.

We are working with the Chelan Douglas Health District and at this time there is no recommendation to close any of our schools. The Health District continues to emphasize this flu is similar to regular seasonal flu in its severity. As with any illness, we will continue to monitor both student and staff health.

A meeting for interested parents will be held Tuesday, May 19, at 7:00 PM in the Lee Gym. Eastmont nurses and health district staff will be at the parent meeting.

Regards,

Garn Christensen  
Superintendent
